Dear Princess Belle from the Beauty and the Beast,

Hi princess! How are you these few years? Is your life in the palace good? I hope there isn't any trouble happening in your palace!

I wonder if you notice what had happened outside your Palace. In case you don't know, I'm here now, telling you the whole thing.

The bad witches were alive again. All witches from different corner of the world had waken up. They gathered together, and were planning to destroy the world. Many people were affected, especially the princess.

Snow White was the first one who was affected. She was invited to a big feast, and right after the feast, she fainted. The Prince was mad, and the seven dwarfs quickly went to save her. But Snow White had eaten too much poison, it will be a really hard work for her to wake up again.

The sleeping Beauty was the second one. She was suddenly fainted at supper one night. The whole palace used about a hundred and forty ways to wake up, but there seemed no use.

Then, it was Cinderella's turn. She was dancing with her prince at twelve o'clock when she felt very sick. Her shoes became smaller and smaller, and her feet begin to bleed. Cinderella and her prince keep on trying to remove the shoes, but no one can! Cinderella was suffering in great pain.

But Princess Fiona from "Shrek" was even worse. She became a beautiful girl last year, but as soon as Cinderella's incident happened, she became ugly at night, again, just like what had happened at first in her story. She was really sad. Shrek had called the whole city to help comfort her.

Princess Ariel from "the little Mermaid" had the same accident. She became a mermaid and could not talk. She locked herself in the room and no one could help her. Poor Ariel!

Little Alice, was attacked by the witches too! She was brought to the strange place again, but this time, it was not a dream, it was real. She was frightened and people are trying to find where the strange place was located.

After the witches became alive, many wars begin. The greatest war was held in Neverland. Peter Pan was trying to find Wendy, but the witches, made him fail. Neverland was destroyed.

There is no more happiness in the world now. All children were gathered and were commanded to help the bad witches to do bad things. The polar express was used as an express to hell, taking the people who do not listen to the witches to death. Forests were burnt. Tarzan's home was used as garbage garden and Tarzan and his friends could no longer stay there. The world began to change.

But, Belle, the worst thing of all, is that, the witches were planning to do something to your father and your friends. The witches had built a tall tower to lock your father there. They

prepared poisonous food for your friends like little Chip, Mrs. Potts, Bookseller. The poison would make them become a cup, a pot, a book etc. Your friends are in emergency! Find the good Fairies! Ask them for help! Gather all the good fairies and you'll defeat the witches!

All princess' lives are on your hand! Protect yourself from the witches carefully!

Hope you'll succeed in rescuing the world.

Your admirer,

Janet Choi
